

BLUE SPOT LAMP

CURTIS

DESCRIPTION

A low power draw LED Spotlight, with a 300 lumen output and single bolt fixing. Featuring 12-48 VDC operation, an aluminium housing and polycarbonate lens the lamp is extremely resistant to impact and vibration damage, is CE recognised and has an IP67 ingress protection rating. 2 year warranty.

APPLICATION

LED Pedestrian Spotlights' are designed specifically for material handling applications to provide a visual warning for pedestrians in the vicinity of mobile equipment. These lights are intended as a supplemental safety device and project a bright, 300 lumen spot beam onto the ground either in front or to the rear of the vehicle. This additional safety feature is especially useful where blind corners are present (i.e. warehouse racking) and is likely to be seen by pedestrians that are not looking up or paying close attention to their surroundings.

FEATURES

- 4 x 3W LED's
